Here is a very, very long list of the Whole30 benefits you may have experienced. (And we're sure you'll find a few that aren't detailed here!) We call these “non-scale victories”—in fact, that phrase even has its own hashtag (#NSV) on social media, because we believe it's so critical to evaluating your Whole30 results. So take a moment (before you get on that scale) to check off everything you've noticed in the last thirty days. Be generous here—you worked hard, and you deserve to be proud of what you've accomplished!
